VIRTUAL COLONOSCOPY WORKSHOP

UCSF China Basin Research Center - San Francisco, California
Feb 26–28 / May 28–30 / Sep 17–19, 2015

UCSF is pleased to present our workshop on Virtual Colonoscopy. This rapidly evolving technology will be explored in a program with individualized, hands-on workstation training and didactic instruction by Dr. Judy Yee, a leader in this imaging modality.

This workshop will present, to both academic and practicing radiologists, the fundamentals and latest techniques of non-invasive colon cancer screening. The program will be held Thursday afternoon, a full-day on Friday and Saturday morning.

Incorporated into the workshop curriculum, attendees will be instructed to the standard required and fulfill the current recommendations as established by the American College of Radiology. Attendees will review 50 proven virtual colonoscopy cases as per ACR guidelines.

At the completion of this course, the attendee should be able to:

1. Perform, interpret and report a virtual colonoscopy exam in a time-efficient manner;
2. Obtain optimal colonic distention and cleansing for a maximally diagnostic virtual colonoscopy;
3. Recognize the appearance of questionable findings and be able to use specific strategies to avoid common and uncommon pitfalls.

Registration

REGISTRATION INCLUDES: Thursday afternoon workstation orientation, Friday full-day and Saturday morning class instruction at individual workstations; Friday breakfast & lunch and Saturday breakfast provided; course syllabus, reference articles, and a copy of Dr. Yee's book "Virtual Colonoscopy".

Pre-registration is required as enrollment in this course is limited to 18 registrants.

Tuition: \$2,500.

Registration can be made online, by phone or fax (see page 7).

For general inquiries, send an email to: cme@radiology.ucsf.edu.

Getting to the Course

For details on SF city transportation routes and fares, visit: www.sfmta.com

For China Basin maps/directions: www.radiology.ucsf.edu/china-basin-imaging/location
- note that the CB free parking listed is **not** for course attendees, it is for patients only

The workshop is held at the UCSF China Basin Research Center at 185 Berry Street (at Fourth Street), Lobby 6, Third Floor. The Center is located on the southeast side of the city, next to the baseball stadium, and one block from the CalTrain station.

Attendees staying at one of the downtown hotels should note that the China Basin Center is approximately a 20 minute walk from Market Street, and is on the N-Judah streetcar line, which is accessible from any of the four underground Market Street Muni stations. The N-Judah stops one short block from the China Basin Center.

For those local to the bay area who will be taking BART, the Montgomery and Powell stations are closest. For those who will be driving, the entrance to Lobby 6 of China Basin Center is at the corner of Fourth and Berry Streets. Stockton Street (downtown SF) travels one-way south, and becomes Fourth Street after crossing Market.

24 Hour Parking:

Beacon 415-546-7755
